

From the East (Banff/Lake Louise/Golden)

Follow the Trans Canada Highway (Hwy. #1) westbound to Golden. Stay on the Trans Canada (no turning!), and drive 15 minutes further west (about 25 kms). After the highway divides briefly, it will bend to the left. Cross the bridge over the railway tracks, then make an immediate right hand turn (at our sign) onto Donald Cemetary Road. Be sure to put your blinker on and slow down *as you cross the bridge*. If you cross the Columbia River, you just missed us. Our parking area is about 50 metres down on the left.

From the South (Radium Hot Springs, Invermere, Windermere)

Take Highway #95 north from Radium Hot Springs to Golden. Follow the signs to the Trans Canada Highway (Hwy. #1). Once on Hwy #1, follow the directions as stated above.

From the West (Revelstoke, Glacier National Park)

Follow the Trans Canada Highway (Hwy. #1) eastbound through Glacier National Park. About 45 minutes east of the Roger's Pass Centre, you will cross a large bridge over the Columbia River. You will need to make a left hand turn just after this bridge, at our sign. There is no turning lane, so if there is traffic on your bumper, drive past our turn-off and make your next left hand turn a hundred meters down the road (Donald Road). Turn around there, and you can get back onto the Trans Canada, and make a safe right hand turn into our driveway!
